

Dear Camp Leaders,

Thanks for taking the time to serve as a leader for summer camp this year. Camp Tapico was founded in 1946 and has a history rich in tradition and outstanding programs. We couldn't make that happen if you didn't bring the Scouts to camp. You are a special part of our summer camp operation!

The Leader's Guide has been updated to provide camp information in a step-by-step format. Hopefully the new format will be more user friendly and will provide you with a wealth of information that will help you have a successful summer camp. Information regarding policies, program, advance planning, costs, and advancement are inside this guide. Please take the time to read through this tool that will help make your summer camp experience that much better.

If at any time you have questions or concerns regarding summer camp feel free to contact me personally. Two leaders meeting will be while you are at camp one of which will include a visit from Scout Executive, Mike Chaffee. Communicate your needs and concerns to us immediately! We are here to give you an outstanding week of program and opportunities.

Best of luck on your 2007 summer camp planning. Our staff will be waiting to provide you with the quality of program that has been a tradition at Camp Tapico since 1946.

Yours in Scouting,

Mike Beratta  
2007 Tapico Camp Director
